

PHOTOGRAPHY The Andy Marquez Gallery is located in Denver's Cherry Creek North district and features a collection of Andy's photographs from Colorado and around the world. Featured in the Natural Dream Home are two photographs: one of Patagonia and the other of Colorado's Maroon Bells. (888) 264-2553, andymarquezgallery.com

CUSTOM BOWLS Three bowls displayed in the home, "Earth," "Lifeboat" and "Figure Eight," were made by award-winning furniture artist Aaron Sanchez. Hand-carved from standing-dead alligator juniper with turquoise and azurite inlays, each is inspired by the wood's natural characteristics. (505) 771-1223, andysanchez.com

CAMBRIA[®]
Natural Quartz Surfaces™

QUARTZ COUNTERTOPS The only producer of natural quartz in the U.S., Cambria is NSF-certified for safe food preparation, and GREENGUARD for Indoor Air Quality and GREENGUARD For Children & Schools certified. Cambria recycles 98 percent of the water used during the polishing process. (866) CAMBRIA, cambriausa.com

WIDE-PLANK WOOD FLOORS For the past 40 years, eco-friendly Carlisle Wide Plank Floors has strived to be a good steward of the earth. The recycled beauty of Carlisle's Forest Stewardship Council (FSC)-certified antique wood floors can be found throughout the Natural Dream Home. (800) 595-9663, wideplankflooring.com

WOOD CEILING & TRIM Reclaimed wood source Centennial Woods recycles aged lumber from naturally weathered Wyoming snow fence, replacing it with rough-cut timber from young, fast-growth ponderosa pine forests. Years of exposure give the reclaimed wood a beautiful silver-grey patina. (866) 778-8762, centennialwoods.com

HOME AUTOMATION SYSTEM For the Natural Dream Home, Colorado Concept Lighting's design team created a lighting-automation system, using low-voltage and fluorescent systems, that reduces electrical consumption, cuts energy costs and extends lamp life, resulting in a greener home. (303) 234-0460, coloradoconceptlighting.com

FORTICEL™ MOLD PROTECTION FortiCel™ is a proprietary combination of technologies that prohibits mold growth on all interior construction products and surfaces. When applied to the surface of lumber, concrete, sheetrock and steel, FortiCel™ provides durable skeletal protection. (303) 963-1623, biltriteco.com

CUSTOM INSULATION A full-service insulation contractor specializing in the Spider™ Custom Insulation System, Colorado Specialty Insulation's goal is to install energy-efficient, environmentally friendly insulation products that create a living space that is comfortable, quiet and energy efficient. LANDSCAPING Environmental Designs has been designing and installing quality landscapes for more than 18 years. For the Natural Dream Home, the firm created a xeric, water-conscious landscape dictated by—and preserving much of—the home's original natural surroundings. (303) 287-9113, environmentaldesigns.net

EURO BATH+TILE

PLUMBING FIXTURES & HARDWARE Provider of the Natural Dream Home's plumbing fixtures and hardware and a leader in the bath and tile industry in the Rocky Mountain Region for more than 20 years, Euro Bath + Tile represents more than 100 vendors in its 18,000-square-foot showroom. (800) 435-4613, eurobath-tile.com

HOME FURNISHINGS & ACCESSORIES Collaborators since 1968, Bill and Sandy Field create custom pieces for the home incorporating wood and/or glass. Bill's work ranges from architectural woodcarving to twig furniture, while Sandy's expertise includes stained, fused and beveled glass. (303) 838-5072, macfield.com

FIREPLACE INSTALLATION The Isokern and Lennox gas fireplaces seen in the Natural Dream Home offer beauty and energy-efficiency, use automatic electronic ignition and electronic flue-damper systems, and were installed by Fireplace Systems to meet strict Built Green® standards. (303) 820-3473, fireplacesystemsco.com

NATURAL TIMBER SUPPLIER High-quality log and timber home and component supplier Fraser River Log & Timber provided the Natural Dream Home with hand-hewn, salvaged standing-dead lodgepole pine timber posts, beams and trusses, all sourced from a reclaimed and managed forest. (970) 726-1272, fraserriverlog.com

LIGHTING PRODUCTS Galleria Lighting & Design is a full-service lighting showroom located in Denver's Cherry Creek North. Stocking more than 200 lighting manufacturers, Galleria Lighting & Design serves both the retail and wholesale markets throughout the Rocky Mountain region. (303) 592-1223, gallerialighting.net

ORNAMENTAL COPPER Giminaro Studio supplies consumers and industry professionals with ornamental copper, bronze and iron work. For the Natural Dream Home, Giminaro Studio created a custom copper panel wall for the family room and a repousse door panel for the theater room. (970) 921-3770, giminarostudio.com

CUSTOM DOORS A Denver-based company specializing in custom doors, windows and millwork, The Grand Entrance—which made the front door and wine cellar door—uses wood from sustainable-growth forests and low-VOC glues, and sells its sawdust to a plywood manufacturer. (303) 893-4001, thegrandentrance.com

SOAPSTONE COUNTERTOPS Handcrafted by Hart Stoneworks, the home's soapstone countertops are naturally non-porous and chemical free, stain- and bacteria-resistant, and don't require toxic or chemical sealers. Hart Stoneworks minimizes waste by reusing its soapstone scraps. (719) 277-7484, hartstoneworks.com

DECORATIVE HARDWARE From traditional to contemporary, Hickory Hardware offers decorative hardware to enhance the beauty and emphasize the character of any home. Hickory Hardware provided cabinet hardware in a wide variety of designs and finishes for the Natural Dream Home. (877) 556-2918, hickoryhardware.com

BARK HOUSE® SHINGLES Made exclusively by Highland Craftsmen Inc., Bark House® Shingles are an all-natural, maintenance-free cladding product that is a 100-percent reclaimed waste product of the timber industry. The Natural Dream Home's shingles have a Class-A fire rating. (828) 765-9010, barkhouse.com

GREAT ROOM AND DINING ROOM FURNISHINGS Combining organic materials with a more contemporary sensibility, HW Home provided furnishings that are 100 percent organic in construction and material, biodegradable, sustainable or crafted from all-natural materials. (877) HW-HOME-4, hwhome.com

HOME FURNISHINGS tj Hooker, Inc. supplied bedroom furniture from Harden Furniture, lighting from Dana Creath Designs, and accessories from various other vendors. A green vendor for generations, Harden has a self-sustaining operation and uses wood sourced from its own farms. (303) 722-4333, tjhookerinc@frii.com

TRADITIONS DENVER DESIGN CENTER

HOME FURNISHINGS Traditions is proud to feature a Lee Industries sofa and chair in the hearth room. The NaturalLEE cushions and pillows consist of recycled fibers; the frames are made from certified sustainable forests' wood, recycled metal, soy-based resins and water-based finishes. (303) 722-5525, denverdesign.com

HVAC Whether the installation is a retrofit of an existing home, historic preservation, new custom home, commercial application or unique solution, The Unico System's HVAC applications deliver superior indoor comfort while preserving the architectural integrity of the structure. (800) 527-0896, unicosystem.com

RADIANT HEAT SUBFLOOR A better way to provide state-of-the-art radiant heat, Warmboard® is the only radiant-heat panel and structural sub-floor combined. Simple installation, faster response times and no restrictions on floor coverings all add up to higher performance and efficiency. (877) 338-5493, warmboard.com

WINE CELLAR DESIGN Wine Cellars & Storage of Colorado designed and built a racking system using plantation-grown all-heart redwood. The company never uses old-growth woods or mineral-based finishes and suggests low-heat lighting to help naturally maintain a constant cool temperature. (720) 842-0407, wine-cellars.org
